Who suffer from nervous and physical debility great help is found in taking Ayer's Sarsaparills. It produces the rapid effect of a stimulant, without the inferious reaction that follows the use of stimulants. I he result of taking this medicine is a permanent increase of strength and vigor, both of mind and body.

"I find Ayer's Sarasparilla just what I have needed for a long time. I have tried different to onics, but never found a cure until I used this. My trouble has been a low state of the blood, causing faint turns."--Leus O'Connor, 121 Verson st., Boston,

"I have been a victim for the past two years of gen-tral weakness with turns of fainting. Have tried vari-pus remedies, but with little relief till I used Ayer's Sat saparilla. Some six months since I began to use this remedy and am greatly benefited."—Miss R. E White, Somerville, Mass.

"This is to certify that I have been using Ayer's Sar-enpartila for some time, and it has done me a world of good. It has cured my headache, cleared my blood and helped me in every way, and I am deter posit so long as I need such a medicine," - Mrs. Taff, low lat street, Lowell, Mass.

ATTES SAPSAPARILLA.

WILL RETURN WEDNESDAY. The President Settles Upon His Departure From Cresson.

CRESSON SPRINGS, PA., Sept. 22.-The President and family will leave here in a special car Wednesday morning for Washington, arriving there about 6 p.ra. Dr. Scott will arrive tonight from Pittsburg. The President will be accompanied by Mrs. Harrison, Mrs. Dimmick, Mr. Halford, Miss Sanger and the representatives of the press associa-tions. In case the White House is not ready for the President's family they will accept the invitation of Postmaster General Wanamaker to be his guests for a few days.

NOMINATIONS TODAY. The President sent the following nominations to the Senate this morning: To be probate judges for the dis-

trict of Utah-Francis L. Daggett Washington county, Utah; Henry Shields of Summit county. Charles H. Herman of Tooele county, Jacob Johnson of Sanpete county, Stephen B. Frazer of Juab county, Hoctor W. Haight of Davis county, William Goodwin of Cache county and Thomas S. Watson of Wasatch county. Wasatch county. Army promotions-First Lieut. Ralph W.

Hoyt, 10th infantry, to be captain vice Sage, retired; Second Lieut. R. T. Hurst, 11th infantry, to be first lieutenant vice Hoyt, promoted Second Lieut. R. B. Bryan, 1st cavalry, to be first lieutenant vice Holton, deceased; Addi-tional Second Lieut. Orin B. Meyer, to be second lieutenant, 1st cavalry, vice Bryan, pro-

The President also signed the commission of Theodore L. Schleir of Tennessee as United States consul at Amsterdam. The President has granted a pardon in the case of J. Otis Jones, convicted in the northern district of Iowa of forging a signature to a money order, and has commuted to two years' actual imprisonment the sentence of five years imposed in the case of B. H. Jones, convicted of making false entries in the books of the National Bank of Stafford, Kan.

#### NEITHER COUNT QUASHED. Proceedings in the Case Against the Chicago Gas Trust.

CHICAGO, Sept. 22.-The motion to quash a count in the quo warranto proceedings brought in the name of the people on relation of Francis B. Peabody against the Chicago Gas Trust of District of Columbia and Mrs. Clara K. In-Company was decided this morning in favor of the petitioner by Judge McConnell. There were two counts in the information, which seeks to declare forfeited the franchise of the trust on two grounds. The attorneys for the trust argued that the two counts were conflicting and therefore could not be maintained. On count, it was claimed, was germane to the other. The first count alleged that the trust held a majority of the stock of the companies in the trust, while the other simply stated that the stock held by the trust of the other companies was less than a controlling interest. The attorney general argued that the proceeding was in the nature of a criminal prose-cution and that one or more counts could be made relative to the same subject matter. In giving his opinion Judge McConnell said he could not see why both counts should not stand. They were ou the same subject matter, but it was necessary that the sec-ond count should also set up, besides the argument that the trust was holding some stock, the introductory part of the first count, which referred to the organization of the trust and its business. This leaves the in-formation for a final hearing. Both charges now stand against the trust and can be

## BATTERED TO PIECES.

English Armor Plate Not Proof Against American Guns.

ANNAPOLIS, Mp., Sept. 22,-Three shots from an 8-inch gun were fired this morning at the naval proving grounds opposite Annapolis in the presence of Secretary Tracy and the naval board. These shots were at the Creusot plate, the nickel plate and the Cammel plate armor for naval vessels. The two first named are i rench plates, the last the plate armor used on English ships of war. The nickel plate stood the test, as it did the first test made last week. the best of the three. The English plate was shattered to pieces.

TO SPAN THE COUNTRY. A Transcontinental Railway in Which Senator Stanford May Be Interested.

New York, Sept. 22 .- A special to the Trib me from San Francisco says: A local real estate paper prints a sensational story to the effect that Senator Stanford will soon withdraw his capital from the Southern Pacific and enter nto a big combination to build a competing line to California. The authority for this statement is a letter received by a gentleman here from Gen. G. J. Magee, a leading railroad man of New York and one largely interested with the Vanderbilts in a number of enterprises. Gen. Magee's letter is said to contain a statement of facts to the effect that Senator Stanford is perfecting arrangements to withdraw from the Southern Pacific and that he is going to do so with the express intention of joining the Vanderbilts, Gen. Mages, the Union Pacific people and prominen: Californians. A capital-ist whose name is not disulged says the scheme is to secure a railroad from ocean to ocean and one that shall have enormous capital back of it and make it a greater property than the South-ern Pacific. How this new railroad is to be secured is explained after this fashion: The Vanderbilts are to turn over to the proposed syndicate the Bee line—the road running into St. Louis from Cleveland. The syndicate is then to buy the Chicago and Alton in order to get as far west as Kansas City, where connection will be made with the Union Pacific for Orden, Utah. To get into this city a road will be built to this place from Orden, and, according to the local paper, Gen. Magee's letter inti-mates that the section of the road into San Francisco is going to be built soon.

Although the report is so circumstantial Vice President Crocker of the Southern Pacific declares that he puts small faith in it and he is pretty sure Senator Stanford has no hand in it. The report is creating a good deal of talk and comment here, where every real estate speculator is on the alert to know where the next

through route is coming in.

From Wall Street Today. NEW YORK, Sept. 22 .- The stock market this morning was still narrow, the animation being confined almost exclusively to less than a dozen stocks and the volume of business very moderate. Disposition of the bears to push their advantage of Saturday resulted in an opening which showed losses throughout the list from Saturday's final figures of from ½ to ½ per cent, Louisville and Nashville and Burlington and Quincy leading. The grangers were again prominent with Union Pacific, Missouri Pacific, Atchison, Lackawanna, North American and sugar following, and a drooping tendency in the early trading resulted in declines of ½ per cent in St. Paul and smaller fractions in the remainder of the list, Lackawanna was a marked exception, being positively strong and rising ½ per cent. The pressure was abated in the latter part of the hour and a partial recovery of the early losses resulted, the market at 11 o'clock being dull and steady to firm, but generally at small fractions below the opening figures. a dezen stocks and the volume of business very

Gen. Fremont's Widow III and Poor. Los ANGELES, CAL, Sept. 22.-Mrs. Jesse Benton Fremont, widow of the late Gen. John C. Fremont, is quite ill at her residence on 23d street, this city. A Husband Sues for Divorce.

Frederick C. French, by Messra. Webb & Barker, has filed a potition for divorce from Eva I. French. They were married in Pen Yan, N. Y., in 1854, and he charges that in August, 1850, in Steuben county, N. Y., she described him.

NO REPUBLICAN QUORUM YET. The Helpless House Majority Adjourn and Hold Another Caucus.

The situation in the House does not improve. The republicans have thus far found it imposhere Saturday had disappeared. A number of republicans who have been here during the entire session and have matters which they want to dispose of before adjournment are getting impatient at the failure to secure the attendance of absentees and are talking about going home themselves or insisting upon this case being dropped, so that something also can be done. THE PURPOSE OF THE CAUCUS TODAY

was to secure a promise from these men that they will remain a day longer awaiting the arrival of absentees and to devise some plans for the future.

If they succeed in getting a quorum it is proposed the first thing to secure a change of rules which will enable them to keep the mem-bers in the ball.

Death of Ex-Representative Morey. Ex-Representative Frank Morey died at 2 o'clock this morning at his lodgings, 340 C street northwest. Gen. Morey, who came re-A Baltimere Pastor's Golden Jubilee. dentily from his plantations in Louisiana, had been ill about a week, having contracted diseace, it is supposed, on his plantations when his isade overflowed. He came north a few weeks ago, stopping first at Finoastic, Va., where Mrs. Morey has been spending the summer, and then coming to Washington. Mrs. Morey and her daughter, the only child, are expected here at a clock this afternoon, and after their arrival arrangements will be made for the funeral. Gen. Morey was elected as Representative from the fifth Louisians district in the Forty-first Congress and served eight years.

IT WAS DISTRICT DAY,

By the rules of the House of Representatives today has been District day in the House. A sible to get a quorum of their own men, and in casual observer, however, never would have this morning, when the hour of meeting arthe absence of such a quorum they can known it. Only a man with a rived the democratic members were notified lives of the juvenile portion of the population do nothing to compel the democrats very strong imagination could have to remain. They expected to have a quorum to remain. They expected to have a quorum today, but when the House met it was found that two or three republicans who had been that two or three republicans who had been and yet the rules say very plainly: 'The second that there would be no meeting. The reason as they faced the necessity of leaving play and for the postponement was a desire on the part returning to school duties. The first day of the republican conferees to consult further opening of the public schools is apt to be an among themselves upon the points remainand fourth Mondays in each month shalf be ing in dispute. It appears that no parents. Today thousands of children in thougiven up to the committee on the District of progress has been made since Satur- sands of homes made their preparations for adjourned. The republicans were too busy hustling after a quorum, while the democrats were equally busy in defeating this object. This is the last regular District day which will come this session unless the session is prolonged beyond every one's expectations. A strong effort will, however, be made to obtain another District day by resolution. The chances for this happening are very slim, and the most that the District has any real chance of obtaining is

THE PRINTING OFFICE SITE. The Commission Waiting for Congress-

men to Inspect the Proffered Locations. A meeting was held at noon today in the office of Judge Batcheller, assistant secretary of the Treasury, of the commission having in charge the selection of a site for a new Government Printing Office, consisting of Judge Batcheller, as the acting secretary, Public Printer Palmer and Mr. Clarke, the architect Clark of Kentucky, Miss Cleo S. Burnett of of the Capitol. No decision was reached, the commission concluding to adjourn until the chairman of the congressional committee on public buildings shall have an opportunity to view each of the sites offered.

stood that three or four persons possessed of property are desirous of having their unofficial and recent offers considered. recent offers considered. It is hardly probable that this will be done, because i would be unfair to those who made scaled bids, but it may be that new bids will be advertised for.

### CONGRESSIONAL TOPICS. Proposed New Rule to Fine Quorum

Breakers \$500-Other Matters. Representative Moore (N.H.) today intro-

duced in the House the following resolution: That the committee on rules be instructed to report an additional rule, to wit: Rule xlvi, contempt of the House,-When a

the succeeding roll call for the purpose of breaking a quorum, shall be arraigned at the bar of the House and fined in a sum not exceeding \$500. THE TARIFF CONFEREES.

It is expected this afternoon that the conference report on the tariff will not be made before Wednesday. The republican members of the conference would probably have but little trouble in tect to prepare the plans and specifications for reaching an agreement, but for the fact that an agreement they would be likely to settle street, for which there is an appropriation of an agreement they would be likely to settle upon would be in danger of disapproval in the House. THE BILL TO PREVENT THE SPREAD OF EPIDEMICS

IN THE DISTRICT. Chairman Grout of the House District committee today favorably reported the Senate act to prevent the spread of diphtheria and scarlet incur the expense of making plans and specifever in the District of Columbia. NOTES.

Mr. O'Ferrall was the only democrat in the House during the short session today.

PETITION FOR THE BANKRUPTCY BILL. Twenty-five business firms in various lin trade in Chicago, headed by Henry W. King & Co., who heretofore protested against the passage of the Torrey bankruptcy bill, have withdrawn their names from the protest and re-quested the immediate enactment of the bill. enator Cullom today presented the petitions.

## THE QUORUM PROBLEM. The House Republican Caucus Tackle

It-Hopes for Tomorrow. The republican caucus today was merely ong discussion as to ways and means in regard

to the much coveted quorum. There was no idea expressed by any one as to the advisability of abandoning the Langston case, and the only question was how to obtain the necessary quorum to carry the case through. The managers of the party have received promises, which if the members now in the city can be held together, would seem to promise a quorum tomorrow, and one object of the caucus was to pledge the republicans

now here to remain. A complete report of the last republican caucus was published by a correspondent, who is said to have been on the floor in plain sight during the caucus. During the caucus today special doorkeopers were sent to the press gallery to watch the cor-respondents and on the floor below, no one was allowed within thirty feet of the doors.

## AT THE WORLD'S FAIR

Commissioner Douglass Thinks the District Should be Represented.

Speaking of that clause in his estimates which recommends that the Commissioners ask for an appropriation to be applied for an exhibit of the District of Columbia at the world's fair at Chicago, Capt. Rossell said to a STAR reporter today: "Yes, I do not think there is any doubt but that the District should be represented at the world's fair at Chicago. My plan would be to have a huge plaster cast made of the District showing its streets, avenues, alleys, parkings, public buildings, street and steam railroads, and the sewerage system. I would also have other casts made showing in detail how streets are paved and how sewers are laid. I think that it is due the people of the United States, who help in a measure to support the District of Columbia, that they see exactly how the capital city looks. Of course there are a great many other details that might also be work up, but I think those I have men-tioned are the most important. The real estate men in Washington I think should combine to make this exhibit a success, for it undoubtedly would bring people to the city. Of course, I have no idea how much an appropriation would be required, but I am of the opin-ion that the Commissioners should not stint

themselves." Commissioner Douglass was heartily in favor of the idea and said it would receive his full support. When the matter of an appropriation was asked about Mr. Douglass said of course at this time he could not tell exactly what the Commissioners would recommend—whether they would ask Congress for an appropriation or not. He thought probably they might ask the citizens to subscribe. At any rate he thought that the District should be represented there.

A Year's Work in the Patent Office. Mr. Mitchell, the commissioner of patents, has made a report to the Secretary of the Interior of the operations of the Patent Office during the last fiscal year. The receipts of the year amounted to \$1,347,203, and the expenditures to \$1,081,178. The total number of applications received for patents, including reissue lesigns, trade marks and labels, was 46,140. The number of patents granted was 27,493. The number of applications awaiting action on the part of the office is 6,585; last year the number was 7,073. The balance in the United States Treasury to the credit of the Patent Office is \$3,790,556.

POSTMASTER Ross, who will take his place at a Commissioner of the District October 1, is out of the city to be absent some days.

NAVAL ORDERS.-Lieut. E. P. Wood has been charge of the branch hydrographic office, Port- filed by Mr. Mills Dean, states that they were Real Estate Matters.

J. P. T. Lang has purchased for \$10,500 of David Kimball sub 1, square \$42, fronting \$236 feet on Iowa circle (west side) and extending on P street to Kingman court.

Grace D. Smith has bought for \$6,500 of Elmeder L. Putnam, sub 138, square 193, 17 by 96 feet on Corcoran street between 15th and 16th streets northwest.

Elien D. Lane has bought for \$118,000 of Frank Mose subs 14 to 16, square \$82, 54 feet front on B street and 105.90 feet on New Jersey avenue northwest—the Hotel Malthy property.

The grand jury was in session today about two hours and a half.

TARIFF DIFFERENCES.

Although a meeting of the conference or mittee on the tariff bill had been called for Columbia." The fact is the District day morning in the disposition of the sugar, never had the slightest chance for binding twine, bonded period and metal ive school buildings. To some the sorrow obtaining the day, even if the House had not amendments, but that these—the most importamendments, but that these—the most important matters still open—are in such shape that if an agreement can be reached upon one it will probably also result in agreement upon the others. According to republican members of the conference it is impossible to say whether or not a complete agreement can be reached and a report made to the House tomorrow, but it is hinted that a report may be made within the next two days that will cover all points of difference that have been adjusted, leaving the Senate and House free to express their wishes respecting the matters still open.

respecting the matters still open. THE METAL SCHEDULE THE BONE OF CONTENTION. It is intimated that the metal schedule is the bone of contention. A report was current this morning that the iron and steel men are not satisfied with the concessions made by the Senate conferees and are demanding the restoration of rates sixed by the House. They are threatening, it is said, if their demands are not granted to defeat the bill. The northwestern Senators interested in free binding twine are ising their influence with the conferees to pre vent an agreement to place a duty of a cent a pound on that article. Some of the interviews between the conferees and the Senators have been quite animated.

### DISTRICT GOVERNMENT.

BUILDING OPERATIONS FOR A YEAR. The building operations for the year ending June 80, 1896, will compare more than favorably with those of the preceding year. The total number of permits issued in the last fiscal year was 2,244, divided by months as follows: year was 2,244, divided by months as follows:
July, 1889, 184; August, 224; September, 141;
October, 182; November, 86; December, 113;
January, 1890, 130; February, 215; March, 227;
April, 287; May, 227; June, 280. The total
number of permits issued during the fiscal
year ending June 30, 1889, and the aggregated
cost of the work represented was \$6,165,715.
When last year's cash figures are added up they will be considerably larger than \$6,090,000.

PCLICE PATROL BIDDERS. The Commissioners this morning gave a hearing to the representatives of the Muni-cipal and the Gamewell police patrol and signal systems. It will be remembered that at call of the House discloses the presence of a quorum, any member absenting himself on precincts. Mr. Jos. Storer in behalf of the Gamewell Company read a comparative state-ment of the bids submitted, which, he said, showed his company to be the lowest bidder. Mr. A. H. Chapman on behalf of the Municipal Company read a letter. The Commissioners reserved their decision.

> NOT IN ACCORDANCE WITH LAW. It was developed recently that the board of directors of the Central Dispensary and Emer-gency Hospital had employed a private archi-\$10,000. Inspector Entwisle, hearing of this, wrote a letter to the secretary of the hospital calling his attention to the law, which provides that the plans shall be prepared by the inspector of buildings and approved by the architect of the Capitol and the Commissioners and stating that under the law they could not

AUDITOR PETTY'S ESTIMATES. Auditor Petty today submitted his estimates for the support of the auditor's office the coming fiscal year. Under the head of salaries and contingent expenses he recommends an approation of \$18,100. He invited attention the fact that in consequence of the increase of the work of his office there is urgent need of additional clerical force and an additional clerk at \$1,200 is estimated for. Auditor Petty also renews his recommendation that the salary of the chief clerk be increased.

WANT THE NEW YORK AVENUE PARRING RE-MOVED. The Commissioners this morning gave a learing to Messrs. C. C. Bryan, M. W. King, Wm. Hahn and Wm. F. Reamer, representing a large number of property owners and residents on New rork avenue between 9th and 13th streets, who called to request that the parking running through the avenue be removed and the roadway made contiguous from curb to curb. The petition they presented to the Commissioners contained a large number of reasons why, in their opinion, the parking should be done away with, some of which may be briefly mentioned, viz: That it is an obstruction to travel and a detriment to pedestrians desir-ing to cross to the other side; that it is muddy

that it is an impediment to traffic, &c. The Commissioners will look into the matter. DELAYED BY COL. ROBERT'S ILLNESS. The continued absence of Col. Robert, who is still confined to his home in Rockvill; by reason of sickness, is delaying work in the engineer department and papers needing his signature have accumulated

in wet weather; that it is raised above grade

CONTRACTS AWARDED. H. I. Gregory of this city has been awarded the contracts for furnishing the new school buildings on Jefferson street. Anacostia, and on 11th street between G and I southeast with the Smead system of dry closets; also the system in the new colored High School. The entire amount involved is \$5,449. There was no competition and the system having proved satisfactory heretofore the building inspector recommended its adoption.

APPORTIONMENT OF CONTINGENT EXPENSES. The District Commissioners today, in com-pliance with the District appropriation act, apportioned the general appropriation of \$23,080 among different branches of the District office, the largest sums so apportioned being \$4,800 to the engineer's office, \$3,580 to the executive office, \$1,200 to the collector's office, \$2,800 to the health office, \$1,000 to the auditor's office and \$7,000 for miscellaneous expenses.

BUILDING PERMITS were issued today as follows: W. H. Abbott, one frame dwelling on Washington street between Adams and Taylor streets; \$1,300. E. J. Hannan, two brick dwellings, 1109 and 1111 B street northeast; \$4,000. M. C. Stone, seven brick dwellings, 21 to 35 alley, in square 620; \$5,500. H. J. Wilson, one brick dwelling, \$35 I street southwest; \$1,700.

Unfounded Rumors

A rumor that Senator Morgan of Alabama had died gained zirculation today and many friends of the Senator called at his residence during the day and were rejoiced to find that the rumor was unfounded. The Senator's son was among those to hear the rumor, and he hastened to his father's residence, No. 315 41/2 street, only to find his father standing at the port, which gained wide circulation today, and that was that Assistant Attorney General Wm. A. Maury was dead. Mr. Maury, who is in ex-cellent health, was pleased to be able in person to deny this rumor to a number of anxious in-

Marriage Licenses. Marriage licenses have been issued by the plerk of the court to Edward Johnson and Mary

E. N. Thomas; Albert Gray and Blanche Conner; Thomas Goings and Nancy Curry; Richard Struder of Loudoun county, Va., and Loly Two Decrees of Divorce.

This morning Judge Cox in the Equity Cour made a decree of divorce in the case of Alice married May 5, 1884, and charges that about sighteen menths after the marriage he deserted her for two or three weeks, and loss than a month after his return described her again, repeating this course two or three times till March, 1867, when he deserted her

times till March, 1887, when he deserted her the last time.

Judge Cox also granted a decree of divorce this morning to the complainant in the case of Lewis A. Milburn against Mary Gertrude Milburn. The bill, filed by Warren C. Stone in April last, set forth the marriage Pebruary 17, 1658; that they have one child, born in February, 1888, and he charged that on the 5th of July, 1887, when he returned to his home at defendant's father's, 1527½ 14th street, he was demied access by her, and her father threatened him with a pistol.

OPENING THE SCHOOLS. But the District Was Never Mentioned The Republican Conferees on the Tariff The Grand Army of Children Take up in the House. Bill Have Not Yet Agreed. Their Books Again.

> periences of the average individual. But today a cerulean hue tinted the outlook in the school life and started off for their respectof renouncing the pleasures of the world was somewhat alleviated by the pride with which they surveyed their new shoes and new clothes. Perhaps more new shoes and boots creaked over the pavements this morning before 9 o'clock than at any other one period during
> the year. The clean faces and the tidy clothes
> of the children as they started for school represented, no doubt, a good deal of labor on the
> part of anxious parents and perhaps considerable self-sacrifice. If the youngsters were not
> reconciled to the idea of resuming their studies
> by the glitter and show of their new clothes
> then, no doubt, parental authority was exercised to bring about enforced resignation at
> any rate. Some of the children, and perhaps a
> large proportion, were anxious to return to creaked over the pavements this morning belarge proportion, were anxious to return to school, and there is no question that the mothers drew a sigh of relief at the thought of he quiet homes when the children would be safely occupied at school

BARLY IN THE FIELD. The advantage of being early is a fact that is apt to become impressed upon the mind of a child who has attended school before especially when they know that the early arrivals have a chance to secure eligible seats in the school rooms. Whether a seat is prized because it is remote from the teacher's eye or so near the fountain of knowledge that every word spoken can be heard is a question that would be diffi-cuit to answer. However, some came early and others arrived in the school room at the last possible moment. The teachers had a cheerful welcome for all and the work of arranging the schools for the year was entered into under favorable circumstances. Today the old scholars were received and tomorrow the new scholars will come into stances. Today the old scholars were received and tomorrow the new scholars will come into the schools and be assigned to their places. Then the machinery which operates the public schools will be bot in motion to run until next June. When it is considered that there are nearly 40,000 children attending the public schools and that the corps of teachers numbers nearly 900 some idea can be obtained of the importance of the public schools of the District. All the individuals that make up this great army take their places without confusion or friction and the opening day is much like any other day in the school year.

EVERYTHING WORKING SMOOTHLY. "Everything is working smoothly," Superintendent Powell said this morning to a STAR reporter. "The machinery is so well adjusted, and, what is of more importance, it is under the direction of such competent supervising principals and teachers, that there is no diffiulty in getting the schools under way." THE HIGH SCHOOLS.

Considerable interest was shown in the branch high schools, which are opened for the first time this year. The object of these schools is to relieve the pressure upon the Washington High School, and schools were opened in the Peabody building, on Capitol Hill, and in the Curtis building, in Georgetown, for pupils of the first year. A business school was also opened in the Thompson building. All these schools opened under encouraging circumstances, and there is every reason to believe that the experiment will be a success.

At the Capitel Hill branch of the High School in the Peabody building, 186 pupils were enrolled this morning; at the Georgetown branch in the Curtis building, 53 pupils, and at the business school in the Thompson building 253 pupils. At the central High School on O street 306 new or first year pupils were enrolled.

### THE ROCK CREEK PARK BILL Mr. Hemphill Still Hopeful That the Report May Be Called Up.

Mr. Hemphill was in the House for a few noments before the hour of meeting this morning. Mr. Hemphill still has hopes that the Rock Creek Park conference report can be called up and considered this session. If the matter can be called up he has no doubt of its passage through both the House and Senate. AGAINST THE ATKINSON BILL

Citizens of South Washington Want the

Question Referred to a Commission.

Printed copies of a "Protest against the Atcinson bill" from the South Washington Protective Association and Citizens' Association, No. 1, was circulated at the Capitol today. In the name of the property holders and residents of South Washington it urges Congress to defeat the Atkinson bill or postpone action upon it until the questions involved in it can be investigated by a commission such as is proposed in the amendment offered by Representative Moore. The citizens of South Washington favor the adoption of Mr. Moore's amendment providing for a commission to report to thee first session of the Fiftysecond Congress as an independent proposition, oostponing all action on the Atkinson bill until the proposed commission has made its report. "We fully agree," says the protest, "with the honorable gentleman in his advocacy of the above proposition that the complexities of the railroad situation demand that an intelligent and impartial commission investigate the whole subject, and we fully believe that this is the sentiment of a large majority of both branches of Congress. We further believe that if Congress were to confirm the illegal side tracks and unlawful occupation of land now used by the Baltimore and Potomac railroad it would com-plicate matters for the proposed commission and would give an undue advantage to this railroad over others that are seeking terminal

facilities in this city."

The protest is signed by N. H. Shea, president, and M. Fitzgeraid, vice president, of the South Washington Protective Associat J. H. Johnson, president, Charles Alien, M. D., vice president, and O. T. Thompson, secretary.

#### of Citizens' Association, No. 1. A NEGRO DESPERADO. He Tries to Kill a Policeman-A Gang of Crap Shooters.

Yesterday afternoon in East Capitol alley southwest there was a game of "crap" in operation, those engaged in it being negroes. Policemen Jones and Hatton went to a place where they could get a good look at the "crap shooters." The latter were on a lot and the officers were on the cpposite side of the fence. While standing there corner above his house walting to go to the Capitol. The report probably arose from the fact of the death of ex-Representative Morey in a house in the same neighborhood.

The death of Gen. Morey started another report, which gained wide circulation today, and that was that Assistant Attorney General Wm.

Perry fought desperately to escape and kicked the officer several times. He also bit the offi-cer's hand. While waiting for the patrol wagon Perry escaped and gave the officer a long chase before he was recaptured. This afternoon in the Police Court the case was tried and the prisoner was held in \$1,000 bail to await the action of the grand jury.

The Washington Bid the Lowest. Bids for supplying the police department with winter helmets were opened at police Barr of Cincinnati, Ohio; Joseph N. Steward of Philadelphia, Pa., and Marion Johnson; Arthur L. Caldwell and Clara M. Kyle; James S. O'Hogan and E. Theresa Staske; Barnett A. Clements and Louise Batt; Chas. P. Money of Poolesville, Md., and Maggie M. Conrad. delphia firm's bid was \$2.50 and the Washington firm's \$2.58. The latter will no doubt be awarded the contract.

Probate Court Business. The will of the late Caldwell W. James was A. Kelley (nee Sparklin) granting her a divorce filed today with petition for probate. He leaves from Howard M. Kelley and giving her the his estate to his wife, Mary A. James, and estate of Ann M. Booth the petition of Putrick Garner for letters was filed with the remunera-tion of Ann M. Toy. In re Annie L. Golden, petition of J. E. Davis for guardianship was filed. Curious Conduct of Jesse Bagby.

Jesse M. Bagby, a young colored man, was a risoner in the Police Court Saturday. He says people are now trying to prove that he is crazy, but he is all right. Last night he was in south Washington amusing himself by jumping on and off cable cars. He had several handkerchiefs in his possession and when Policeman George Boyd arrested him he shouted: "I stole "on." When the prisoner was arraigned for disorderly conduct he plead guilty, and was fined \$6 or 15 days.

THE PRESIDENT'S RETURN. He is Expected Here This Week-The White House Not Yet Habitable.

The President is expected to return to the city from Cresson some day this week, but the White House, which is being given a thorough overhauling, is not yet quite ready for occupation. The private apartments have been but recently painted and hung with new paper, and the odor of the pigments and the bouquet of stale paste have given to them an atmosphere that is hardly pleasant to presidential or even plebian nostrils, especially to a pair coming so directly from the exhilarating ozone of Rhododendros Park at Cresson. In view of this condition of things arrangements have been made for the entertainment of the President at the residence of Mr. Wanamaker. The office rooms, how-ever, are quite in order, and it will be not more than ten days or two weeks before the other portions of the house are habitable.

THE NEW ANTI-LOTTERY LAW. Exclusion of Newspapers Containing Lottery Advertisements From the Mails, Etc.

The new anti-lottery law went into effect on Friday. As it prohibits the mailing of newspapers containing lottery advertisements newspaper publishers in this city were so notified some days ago by the postmaster. The newspapers mailed since have passed the scruting of the post office officials with the exception of the Sunday Chronicle. As it contained a lottery advertisement the entire mailing edition was yesterday sent back to the office of publication. So far this has been the only paper published here excluded from the mails. A question was raised today by the representative of the Louisiana Lottery Company as to his liability in receiving the usual lottery mail from the office. It was found however, that the law respects the sanctity of the mail and does not permit a seal to be broken. Therefore ordinary letters can be sent as usual through the mails, but the law provides that if evidence is obtained showing that a letter containing lottery matter was sent through the mails, then both the sender and receiver can be held liable either at the place of mailing or at the place of destination. Heretofore such prosecutions could only be brought in New Orleans.

REGISTERED LETTERS will not, under the new law, be delivered to a lottery company or its agents, and money orders will not be paid. In the opinion of the Post Office Department officials this law practically excludes the lottery companies from the use of the mails.

A more severe blow, however, is their ex-

clusion from the advertising columns of newspapers, which is one of the results of the pro-hibition from the use of the mails.

In the event that the facilities of the express companies are used the officials state that the department can prosecute the companies if they have evidence that they are engaged in circulating lottery matter.

The above is believed to be the intent of the law. What it will prove to be in actual operation can only be determined by experience. DISTRICT ATTORNEY HOGE SAID this morning that the policy of that office was to strictly enforce the laws by prosecuting all offenders, and no doubt the police also would zealously aid in the rigid enforcement of the new lottery law. It was a peculiar law in its sweeping effects and he had no doubt it would

make a marked change in the lottery business. Assignments. John Bauer has made an assignment for the

benefit of his creditors to W. G. Clary of all his lands, property and chattels at 300 N street southwest. John J. Hollister has assigned for the benefit of creditors to S. S. Adams all his property, in-cluding stock (sewing machines, &c.), at 905 F

street northwest. MARRIED.

HAINES—BECKER. On September 16, 1890, at the residence of the Rev. J. D. Rankin, Denver, Col., HARRY W. HAINES of Saratora, Wyo., and ANNIE B. BECKER of Georgetown, D.C. [Philadelphia papers please copy.] No cards. DIEB BAILEY. On Friday, September 19, 1890, Mrs. JANEC, BAILEY.
Funeral from her late residence, 731 10th street southeast, Monday, 22d instant, at 4:30 o'clock

BROWN. Departed this life Sunday, September 21, 1896, at 1:15 o'clock, JOHN W. BROWN, aged fifty-two years, beloved husband of Emily E. Brown, after a long and painful illness, which he bore with Christian

Dearest father, we have laid thee In a silent, peaceful grave, But thy memory will be charished 'Till we meet thy heavenly face. By His Wife and Children.

Funeral will take place from St. John's Church, West Washington, Tuesday at 4 p.m. Friends and relative are invited. LOVING. At "Pomona," residence of her brotherin-law, the late John B. Clarett, on Monday, September 22, 1899, at 7 a.m., of heart disease. Mrs.
MARION R., widow of the late H. C. Loving and
daughter of the late Wm. H. Gunnell.
Funeral private on Wednesday, September 24, at 1

Funeral private oil Wednesday, September 24, at 1 p.m.

MASSEY. On September 21, 1890, at her late residence, 51 Massachusetts avenue northwest, ANNE, daughter of Joseph and Hannah Massey and beloved wife of Hiram E. Green.

Notice of funeral hereafter. (Providence, R. L., and Wappinger Falls, N. Y., papers p.ease copy.)

PLATT. On September 21, 1890, at 9 o'clock p. m., CARLILE PATTELISON, acred twenty years, omy son of Lieut. Robert Platt, U.S.N., and H. E. Platt.

Funeral services from the residence of his parents, 411 B street northeast, Tuesday atternoon, September 23, at 3:30. Interment at Concressional Cometery. Relatives and friends of the family are respectfully invited. (Baltimore, Boston and Wilmington, N. G., papers please copy.)

REINIZEL. On September 22, 1890, GEORGE W. REINIZEL.

Funeral from his late residence, 3214 N street northwest, on Wednesday, 24th instant, at 2 o'clock. Relatives and friends are requested to attend.

SHERMAN. On Monday, September 22, 1890, at 12:30 m., ANNIE C., daughter of John and Nora Sherman, aged twenty-one years, three months and thirteen days.

Notice of runeral hereafter. SKIDMORE. On Sunday, September 21, 1890, at 9:45 p.m., Mrs. CORNELIA SKIDMORE, widow of the late James H. skidmore.
Funeral from her late residence, 305 Tenth street southwest, Tuesday at 30'clock p.m. Relatives and friends respectively invited to attend. [Baltimore and Philadelphia papers please copy.]

DANGEROUS USE OF STRONG PUR-GATIVES.

Most pills and purgatives which act quickly noon the bowels irritate and often destroy the mucous coats of the stomach and bowels. Indeed their cathartic action is directly caused by the irritation of the bowels which they produce. Their action should be soothing and stimulating instead of irritating. A continued us of such remedies produces chronic inflammation of the omach and bowels. This often ends in a dangerous disease. The use of the genuine imported Carlsbad disease. The use of the genuine imported Carisbad Sprudul Sait is highly recommended as an aperient, laxative and diuretc, because its action is due solely to its solycut and stimulating properties. It soothes and allays inflammation and is therefore much preferable to all strong purgatives.

Beware of immutions. Dr. Toboldt's lecture on Carlsbad Sprudel sait and panachlet mailed free. Essee & Mendelson Co., sole Agents, 6 Barciay st., New York.
